Case study of 'Orasis'

Orasis is a modern, comprehensive practice management system designed to provide a complete solution for optical practices whatever the size of your business.

Developed with Opticians for Opticians its main purpose is to help improve your practice performance. The benefits of Orasis are achieved because access to patient information is quicker and easier to manage and use.

Orasis uses the latest technology to ensure a reliable system that aims to deliver fast performance and a stable system that is not web-based. A huge advantage when reliant upon quick entry.

Deliver a first class service using Orasis:

Whatever the size of your business, Orasis has developed an extensive family of modules to suit your needs:

Patient Records and Recall

Diary, Appointments and Staff Planner

Financials & Epos

Products, Contact Lenses, Dispensing & Orders

Marketing including SMS or SMS only

- "Easy to learn"
- "User friendly"
- "Met all the requirements"
- "Competitive price"
- "Good support"
- "Smooth Implementation"
- "Excellent training"

Quotes from Orasis users

Orasis on a laptop!

"Orasis has become an integral part of our practice. Although nervous at first we have found Orasis extremely easy to use with great functionality. Telephone support is superb as is the technical know-how of the staff. We have been able to operate much more efficiently. Testimonial from Company Director Giles Clifford. South Woodham Ferrers Premier Visioncare"

We were the first users of the Orasis Practice Management System. Having researched and used other systems we were disillusioned with the complexity, lack of flexibility and high cost of available computer systems. Orasis is logistically superior in that it follows the patient's journey, manages the back office paperwork freeing staff to care for the patient, as well as focussing on marketing our practice in our way. Our new locum Dispensing Optician took to it almost instantly. The backup provided has been prompt and friendly. I would recommend it.

Testimonial from Company Director Suresh Munyal. Eyesite Eyecare Centres, Coventry
